

Hello, my name is Dave Mauldin, owner of House Medic.

House Medic is the professional leader in home improvements, repairs, and handyman services. We perform hundreds of jobs. From everyday projects such as caulking, gutters, tile work; to bathroom and kitchen repairs; we'll take care of everything on your "To-Do" list!

All House Medic technicians are trained and fully insured and will show up on time and complete the project right. We provide the kind of reliability, quality and service you deserve.

We serve the greater Austin area.

Some of the better referrals for me are insurance agents, as they deal with customer's losses every day.

Also, real estate agents are involved in home sales, and every sale includes an inspectors' report with items to be repaired.

We repair anything inside or outside of your home...anything short of new room additions and new homes.

I'm Dave Mauldin with House Medic, and "We still make house calls!"
