

Good Morning Referral Partners – My name is Rick Zilem, I am a managing partner of P.S. Property Management Company, we are your HOA and Condo Association Management Specialist, family owned and operated since 1987. A good referral for me today would be that board member that lives in a self managed community, and realizes with the recent law changes it is time to transition to a professional management company or Board member that is frustrated with the lack of service the large management companies offer. Please let them know for personal service with positive solutions please tell them to contact Rick Zilem with P.S. Property Management Company.

Have a prosperous week!
